

Perfect Moments,
CUSTOM MADE SINCE 1971

Our Family Tree

From Left: **Peter Nasvik** - CEO, Themescapes Inc.
Kaarl Nasvik - Co-Owner, Themed Concepts
Ole Nasvik - Co-Owner, Themed Concepts

Since 1971, Themed Concepts' management team has been involved in the theming industry, installing projects all over the world. We started our specialty-construction careers by using the Bomanite™ technology; a cutting-edge innovation in the early 1970's that created stamped and colored concrete flat-work with patterns that were capable of simulating real stone and brick. In the process of mastering that technology, our team developed plastic imprinting tools that applied texture, in addition to color and pattern, to decorative concrete flat-work.

In 1976, as the Minnesota Zoo was being constructed, they were searching for ways to create exhibits with more realistic environments involving simulated rocks and trees. Intrigued by the request, our team developed, manufactured and installed what is believed to be the **first installation of GFRC (glass-fiber-reinforced-concrete) rock-work in the world** for this project using our own developed system for forming and application. Since the successful completion of that first GFRC installation, we began installing artificial rocks and trees all over the world - in zoos, amusement parks, hotel & resorts, restaurants and malls. You may have already enjoyed some of our created environments at any of the Rainforest Cafes™, the Mall of America™, Yosemite National Park, or the Grand Wailea Hotel™ in Maui.

Naturally, our theming expertise led us into the imaginative world of playgrounds, and we created our first play site in the City of Edina, Minnesota. More than ten years later, while other playgrounds are broken, faded or simply out-dated, this playground is consistently busy, keeping its participants physically and mentally active and eager to play and imagine! Since then, we have designed and built **literally thousands of themed play features**, becoming experts at playground safety guidelines and requirements.

The design team at Themed Concepts believes that anything is possible. **If it can be imagined, it can be built.** We have designed and built playgrounds with everything from **pirate ships** to **dinosaurs**, **fairy tale castles** to **tree houses** - and **everything in between**. Themed Concepts continues to lead the industry with new innovations and time-tested results. See some of our amazing creations yourself!

POST WRAPPERS

Sold in sets of 4, our revolutionary post wrappers are a simple way to add that much needed splash of "WOW" to your traditional playground. Easy to place and easy to install, these facade wraps can be added anywhere on your 5" or 3.5" posts. Post wrappers are also a great way to add an updated look to worn playground equipment!

CRITTERS & CRAWLERS

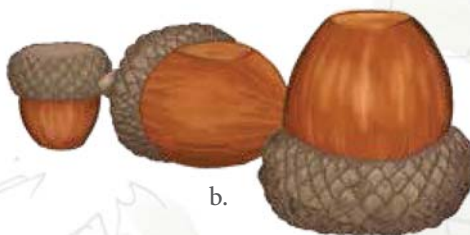

Whether poking out of tree house knotholes, or tucked away in a little nook, these critters are a great way to add exploratory and tactile value to any of our standard or custom play pieces. At Themed Concepts, we understand that it's the attention to detail that can make or break a perfectly designed project.

Create Nonstop Play

By functionally linking your play equipment, you can design a continuous circuit of play and movement on your playground. This creates a way for children to seamlessly transfer from one play event to the next and allows children the opportunity to stay active and engaged on the playground longer!

*Due to the custom nature of the product, all dimensions are approximate. Actual sizes may differ slightly.

Dream On

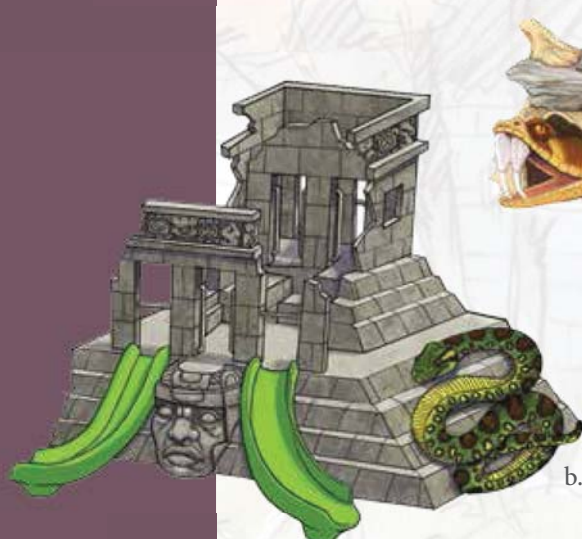

The Dream Decks play series was developed to satisfy the need for a fully themed play solution. Inside each of these large scale play systems you'll not only find a new world of excitement, you'll also discover custom themed activities and beautifully airbrushed details created by professional sculptors and artists.

Stepping onto one of our Dream Deck play environments has the power to transport children back to prehistoric times to walk with the dinosaurs, discover ancient Mayan ruins on an archaeological dig, or become the captain of the high seas! Creates a new, exciting experience every time.

*Due to the custom nature of the product, all dimensions are approximate.
Actual sizes may differ slightly.

*All dimensions shown for the *Dream Deck* series are for the base event structure and do not include slides or attached play or climbing events, as multiple options and opportunities to customize this product line exist. Please contact Themed Concepts or your regional sales representative for options and specifications on your system.

Have a theme or design in mind that we don't carry in our catalog?

No Problem!

The team at Themed Concepts are experts at custom, and we love to create one-of-a-kind environments and tackle challenging landscapes! We're happy to assist you and your customers in creating that perfect, unique addition that will complete your playground site; or really make your dream come to life with GFRC, custom metal work, Theme-Coat® applications, one-of-a-kind net climbers and more. Your imagination is the only limit, and we do our best to work within any budget we're given. Call us today!

MARKETS WE SERVE

Our work doesn't stop at the **Edge of the playground.**

Although firmly planted in the playground and recreation industries, our limbs stretch out far beyond the edge of our playground safety surfacing! The team at Themed Concepts has a long history working across many different industries and markets. If you'd like to discuss the potential to use our product in a non-recreation environment, feel free to give us a call at 855-724-3270.

PROGRAMS AND SERVICES

Play Exchange by Themed Concepts

How it Works:

Once you and your customer have decided on play equipment from your major manufacturer, call us! We'll create custom additions suited perfectly for the equipment you'll be using. After you and our designers have decided on the themed product you want to order, we will let you know what items we need shipped to our factory. Once delivered, we'll assemble, arrange and theme any play equipment requiring built-on theming; we'll package any stand alone items you may have ordered and ship the newly-themed equipment directly to you or to your play site.

Call for additional details.

THEME-COAT™

What it is:

We've all seen an aging playground. What was once a vibrant, inviting place that children would beg to go play on is now a rusty, faded group of steel posts and slides with no children in sight. Tearing down these aging play sites can be so economically wasteful! Call the designers at Themed Concepts before you demo any aging play site! Using our proprietary Theme-Coat™ process, our installers will apply a thin coat of our special ThemeCRETE™ formula over-top of existing equipment; bringing new life and excitement back to a playground that may be past its prime. Old tube slides become tree trunks, rusty bridges are now ancient archways! The possibilities are endless!

Call for additional details.

COREConcepts™ training sessions

Who it's for:

The idea of patching, painting and maintaining a ThemeCRETE™ sculpted piece of equipment can seem overwhelming to some sales reps and installers. At Themed Concepts, we host a quarterly training seminar where we will teach you and your team to properly maintain and/or repair chips, paint scuffs and other standard wear and tear on the product over time. If you and your team are interested in securing a spot at our next Core Concepts™ event, call us to reserve your space.

Session sizes are limited. Seats will be reserved on a first-come, first-served basis. Call for details.

INFORMATION / WARRANTY

General Product Warranty Information v2.1

15-Year Limited Warranty: On all rotationally molded plastic components and High Density Polyethylene plastic sheet, not including plastic products encased in ThemeCRETE™, all structural steel framework and steel components against structural failure due to manufacturing defects or defects in materials.

10-Year Limited Warranty: On all ThemeCRETE™ or GFRC based products against manufacturing defects and structural failure due to natural causes. Product warranty does not cover surface scratches, hairline cracks, chips in ThemeCRETE™ or GFRC based products, efflorescence, or wearing of surface pigments or paints. Recycled plastic lumber and composite wood products provided by Themed Concepts™.

5-Year Limited Warranty: On all steel components manufactured by other pre-approved playground manufacturers that are encased in ThemeCRETE™ or GFRC based materials. Warranty will not cover any manufacturing defects of these products; warranty only extends to the ThemeCRETE™ application to the product.

3-Year Limited Warranty: On all ropes, nets and cables, swing components, swing hangers, and rubber or plastic swing seats due to manufacturing defects or defects in materials.

1-Year Limited Warranty: On all plastic components manufactured by other pre-approved playground manufacturers that are encased in ThemeCRETE™ or GFRC based materials. Warranty will not cover any manufacturing defects of these products; warranty only extends to the ThemeCRETE™ application to the product.

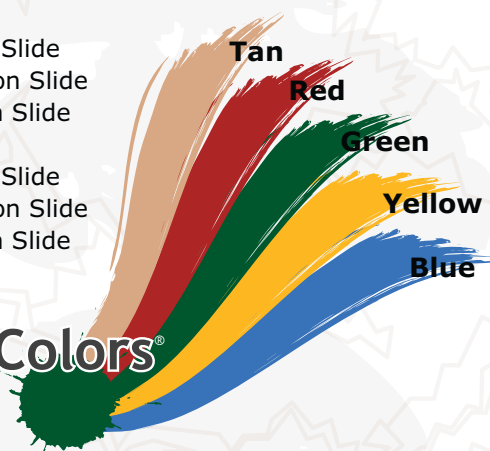

Themed Concepts does not warranty any wear and tear resulting from normal use of the product. Cosmetic issues such as surface scratches, chips, hairline cracks, wearing or fading paint, efflorescence visible on the product, or plastic warping or gaping as well as other cosmetic issues are not covered. Any deviation from the installation instructions and/or recommended maintenance procedures provided by Themed Concepts to the customer will void any manufacturers warranty on the product. Themed Concepts does not warranty any product failure or damage due to vandalism.

*Contact Themed Concepts for complete warranty information.
