Build and play in one day.
Easy Set Up
UPlayToday™ is the commercial play solution for play spaces where residential equipment is not appropriate:
- Churches
- Early Childhood Centers
- Apartments
- Any Supervised Play Area
- Age appropriate for ages 2-5 or 5-12 years

Site Preparation
Review the area where your playground will be placed for:
- Space Available
- Facility Access
- Traffic Flow
- Flat Surface Area
- Tree & Utility Line Clearance

Three Ground Mounting Options
- **Ground Spike Surface Mount**
  - Included with all structures
  - (Not recommended for sandy or loamy soil conditions)
  - Sold separately
- **Anchor Bolt Surface Mount**
  - Sold separately
- **Concrete In-ground Mount**
  - Sold separately

Easy Install!
No digging or concrete required.

5 Reasons to **buy** UPlay Today™

1. **Easy to Install**
   No Concrete or Digging Required
2. **Ships in 5 Days**
   Fast Delivery to Your Site
3. **IPEMA Certified**
   Meets Commercial Standards
4. **ADA Accessible**
   Meets ADA Requirements
5. **Saves Money**
   Affordable, Great for Volunteer Builds

Introducing **Augmented Reality**! Experience UPlayToday in a whole new Way!

1. Download the **FREE** app for mobile devices at get.layar.com or scan this QR code now.
2. Scan the page when you see the ar phone icon.
3. Watch videos, photos, and graphics emerge before your eyes!
**Core Features**

- **Robust 3½”** round steel uprights
- **Premium quality** double wall roof, panels and slide entries
- **Tested** at our IPEMA certified facility in the USA to meet ASTM, CPSC, and CSA standards
- **Nature** details integrated throughout all structures
- **Three** mounting options
- **Multiple** ground level activities so everyone can play
- **Select** designs available in space saver configurations for smaller use zones

</tr>
<tr>
<td>02-07-5009-YLW</td>
<td>Playful</td>
</tr>
<tr>
<td>02-07-5009-GRN</td>
<td>Natural</td>
</tr>
</tbody>
</table>

Offer even more sound play with the Drums and Rain Wheel set. Activities that provide music and movement teach children about cause and effect while providing sensory development. Children will hear the different sounds made from the upbeat bongo drums, the deeper sound of the bass drum and the calming rush of the rain wheel. Set includes Bongo Drum, Bass Drum, and Rain Wheel. Add-on packages require 1-2 unobstructed posts. Ask your representative to help identify the best placement of components to enhance your structure.

**Bench Panel**

<table>
<thead>
<tr>
<th>Age: 2-5 or 5-12</th>
<th></th>
</tr>

</tr>
</tbody>
</table>

Encourage dramatic play by adding a Ship’s Wheel to your structure. Children will also utilize fine motor skills as they spin and steer the Ship’s Wheel. Add to any one unobstructed upright.

**WARNING**

Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury from falls.
Safety Surfacing Solutions

Poured In Place Surfacing
Utilizing recycled products, SurfaceSure’s Poured Rubber Surfacing offers a range of superior surfaces designed to fit any budget. These two-layered unitary products are impact absorbing, providing resilient non-skid surfaces that are an excellent choice for accessibility. The surface layer may be specified as one or a combination of colors, encouraging graphic designs that can range from custom logos to simple games like tic-tac-toe and hopscotch. These graphics can be utilized to enhance ground level play on every playground, thus increasing play value!

Create custom colors and save money by blending varying amounts of black and color!

Interlocking & Standard Tiles
We offer Interlocking Tiles and Standard Tiles (individually glued to sub-base) to meet your site-specific needs. SurfaceSure Tiles are available in various thicknesses to provide the appropriate amount of impact attenuation for the fall height of your structure or play event. Tile surfacing allows for easy replacement of small areas of surfacing in the event of vandalism or other damage. Premium multicolored tiles, highly durable EPDM-topped tiles, custom edging options, and ADA accessible ramp tiles are also available.

Be sure to use an IPEMA-certified surfacing specialist.

Engineered Wood Fiber
SurfaceSure Engineered Wood Fiber is specifically designed and engineered per the ASTM standard for impact attenuation on playground surfaces. Wear Mats, Geotextile Fabric, Border Timbers, along with periodic maintenance (including adding fiber) are needed to maintain the required depth. When compacted, SurfaceSure Engineered Wood Fiber meets the ASTM standard specification for determination of accessibility of surface systems for playgrounds.

Be sure to use an IPEMA-certified surfacing specialist.

Border Timbers
Made from 100% recycled materials, our border timbers are designed to retain engineered wood fiber surfacing. These timbers are easy to install and are secured with ground spikes.

Be sure to use an IPEMA-certified surfacing specialist.
Cool your playground environment with **Shade**

**Square Umbrella Shade**
Shown with Zinc Yellow frame and Royal Blue fabric.

**Ultrashade** offers a wide variety of high-quality engineered shade products that protect from many of Mother Nature’s elements; Sun, Heat, Hail, and UV Rays. With options of both standard shapes and custom-designed structures, an UltraSite sales representative will guide you through a simplified process of providing a shade that protects your recreation investment and your community.
