In the interest of playground safety, the International Playground Equipment Manufacturers Association (IPEMA) provides a Certification Service where by a designated independent laboratory validates a participant's certification of conformance to ASTM F-1487-07a^{e1}, Standard Consumer Safety Performance Specification for Play Ground Equipment for Public Use. Playland International has received written validation from the independent laboratory that the manufacturing and test facility located in Carrollton, Georgia meets the requirements of the indicated standard and IPEMA's certification program. Check the IPEMA website (www.ipema.org) to confirm product certification and create product certification certificates.

If you have any questions about Playland International's products or the IPEMA program, please contact me and I would be more than happy to answer your questions.

Sincerely,

William B. Clapp Jr.
