

PlayOn Surfacing™

“ASTROPLAY IS PERFECT FOR OUR POOL AREA! We don't have to worry about any messy infill getting into our pool or our kids' shoes.”

Jami Davis

Turf Systems Designed to PlayOn™

PlayOn Surfacing™ delivers high quality artificial turf systems designed to look like natural grass. A subsidiary of Superior International Industries (SII), PlayOn Surfacing (PlayOn) provides a level of knowledge and expertise in resilient surfaces that is simply unmatched in the industry. Our extensive product line includes **AstroPlay®** and **AstroLawn®** products manufactured by **AstroTurf, LLC**.

All of our products are individually manufactured ensuring the same quality surface for each application and eliminating possible problems during installation. Designed for both lawn and resilient surface applications, PlayOn products provide beautiful, hassle-free lawns for playgrounds, residences, and recreational uses.

The PlayOn Surfacing Advantage:

- Turf Replacement Focus
- Infill and non-infill products available
- Manufactured products versus field mixed
- Natural grass appearance
- Low-to-no maintenance required
- Extensive product warranties*
- Greater product lifespan

Playground Surfacing

PlayOn Surfacing knows playgrounds. Our organization represents more than 75 years of experience in the design and development of unique playgrounds and related products. As a result, we recognize the importance of quality surfacing when it comes to playground safety. Designed for maximum safety, all of our products meet or exceed the American Society for Testing and Materials F-1292.

Our resilient turf systems means no more messy wood chips or overpriced poured-in-place rubber. Our turf is changing the way people think about playground surfacing.

Our exclusive line of resilient surfaces for use around playground structures includes the new non-infill AstroTurf product, AstroPlay. Produced with highly durable nylon yarn, AstroPlay uses a unique tufting system which requires no infill material making it particularly safe for infants and toddlers. Our infill products are also available for playground applications providing you with the same high level of safety in a lower cost alternative.

Because safety is our number one priority, PlayOn manufactures AstroPlay with an 8mm urethane pad enabling you to achieve fall heights of up to 5'6" when installed over a crushed stone base. Supplemental padding is also available enabling you to safely achieve fall heights of 10'

“The new turf that PlayOn installed on our infant playground is phenomenal. It is durable, yet soft enough where the babies are not uncomfortable with the texture as they are with natural grass. It gives an attractive, professional appearance and is, of course, green year-round.”

Meredith Hatch
Primrose School

Landscape Applications

PlayOn's extensive line of lawn replacement products provide a lush green lawn year round. An artificial turf that looks and feels like real grass, AstroLawn was designed to provide many years of beautiful, low maintenance enjoyment. For our customers, that means no more weekends spent mowing, fertilizing or watering the lawn.

Made from durable polyethylene yarn, AstroLawn utilizes a cryogenically recycled tire, crushed rubber infill to create its natural appearance. When combined with PlayOn's supplemental padding, AstroLawn achieves fall heights of up to 10' making it perfect for a child's backyard play area.

PlayOn's non-infill products can also be used as lawn replacement solutions. Easy installation and hassle-free maintenance make all of our products ideal alternatives to a natural lawn. Having a degreed Landscape Architect on staff enhances our ability to service the landscaping industry.

PlayOn landscaping applications are perfect for:

- Dry climate areas
- Senior households
- Town homes or condominiums
- Pool areas
- Backyard playgrounds

**“WE ARE VERY
PLEASED WITH THE TURF.
It looks so much like real
grass that we've fooled a few
neighbors.”**

Stacy Faith
Salt Lake City, Utah

Recreational Uses

In addition to playgrounds and landscapes, PlayOn's turf replacement products are also used for recreational applications including tee mats and putting greens. Suitable for both commercial and residential purposes, PlayOn putting turfs provide a low maintenance alternative that remains green all year long.

Golf courses can be beautifully maintained without the need for expensive irrigation systems. And the easy installation process makes it possible for individuals to add a putting green to their backyard or apartment home.

“WHAT CAN I SAY...WE HAVE THE BEST PLAYGROUND IN TEXAS! Our toddlers can play freely because of its dependability. We are so grateful for PlayOn turf, our solid foundation and the peace of mind it brings.”

Stephanie Gow
Director, First Faith Preschool and Kindergarten
Mansfield, Texas

AstroPlay® Artificial Turf Product Warranty

PlayOn Surfacing, Inc. warrants the artificial grass surface materials it supplies for a period of eight (8) years from the date of purchase against defects in materials, including ultraviolet degradation and excessive fading. PlayOn Surfacing will repair or replace—as it deems necessary—those materials, which exhibit such defects resulting from materials, at no cost to the owner. Installation (including seams, tape and edging), if supplied by PlayOn Surfacing, is warranted for a period of one (1) year from completion. Relief under this warranty shall not include labor for installation, removals of failed materials or any other site work if PlayOn Surfacing was not the installer or after the one-year warranty on installation if PlayOn Surfacing was the installer.

The recommendations for proper installation, use and maintenance of your PlayOn Surfacing turf as outlined in our "Installation, Use and Maintenance Tips" shall be considered in determining improper installation, neglect or proper maintenance of the artificial turf and shall be considered an integral part of this warranty.

This warranty does not specifically pertain to or obligate PlayOn Surfacing in any way regarding material applied or labor performed which was not under its control or which was supplied or performed by others not in the contract. Assistance or recommendations provided to the owner or his representative or PlayOn Surfacing's approval of owner's or his representative's designs, plans or drawings in no way extends this warranty to materials or workmanship beyond those specifically supplied or controlled by PlayOn Surfacing.

PlayOn Surfacing does not warrant against normal wear and tear, damage caused by improper use, neglect, vandalism, floods, change in water table or other acts of God.

The obligations of PlayOn Surfacing under the warranty are subject to full payment of all monies due PlayOn Surfacing for materials and/or labor. This warranty will be voided if any other turf manufacturer's product is co-mingled with that of PlayOn Surfacing.
