company **Sii**

# The Playsystems Story

*At Playsystems by Childworks, a division of Superior International Industries, we are excited to present to you our soft contained playgrounds catalog.*

*We founded Superior International Industries, Inc. with the focused goal of providing products and services to the playground industry. Our group of professional playground manufacturers has been producing commercial play equipment for over 21 years. Our other related playground products include commercial outdoor playgrounds, safety surfacing, playground components, site furnishings, and shelters.*

*Our company is a world wide supplier of playgrounds to restaurants, amusement parks, schools, community centers, child care facilities and water parks.*

*In this catalog you will find several playgrounds that provide children ages 2 to 12 years old with a secure and protective environment suitable for challenging and exploring their own capabilities.*

*Our multicolor playgrounds are designed with imagination, technology and experience in mind.*

*Our playgrounds offer a safe haven for children through our top quality materials and our enclosed play structures.*

*Our company is located in Carrollton Georgia, about 30 minutes west of Atlanta. Our in house manufacturing capabilities such as rotomolding, steel fabrication and powder coating, allows us to build playgrounds that offer innovative designs and great value.*

*As with any company that has been in business and successful for many years, we pride ourselves on meeting some of the industry's strictest safety standards.*

*Let us prepare your playground like the many satisfied playground owners who have entrusted Playsystems by Childworks with their projects.*

## Churches

**R**ecently churches have added unique and imaginative play areas for their young members. Our playgrounds provide children ages 2 to 12 years old with a secure protective environment suitable for challenging and exploring their own capabilities.

## Restaurants

**R**laysystem provides exciting, innovative play structures that can be specifically designed for your quick serve restaurant. Playgrounds increase traffic by changing your location into a destination. Now you can eat and enjoy fun activities in the same location.

## Family Entertainment

**S**tep into a fantasy world where kids can get lost in imaginative, educational and healthy play! Playsystems understands that playing is the most natural form of exercise that children can experience.

**O**ur furniture stems from 27 years of experience in developing and manufacturing commercial playground furniture. We also offer a selection of amenities sized just right for kids. We invite you to contact us to find out specifically how we might help you satisfy your furniture needs and desires.

# General Information

## Site Preparation

Site preparation, including any necessary permits or licenses, is the responsibility of the purchaser. Your site must be large enough to accommodate the unit and all necessary clearances. If the unit will be indoor, carpeting should be installed prior to unit installation. An outdoor site should be secured and preferably surrounded by a fence. Detailed plans to create a unit proposal by Playsystems must include the following information:

1. Floor plan showing location and dimensions of doors, windows, walls, columns, fences, ceiling height, etc.
2. Play unit height impediments such as signs, ceilings, light fixtures, HVAC structures, etc.
3. Existing or proposed structures such as tables, other play elements, benches, booths, etc.
4. Elevation changes such as steps or ramps.
5. Proposed surface finishing or play system area.

## Terms

Exact costs will be submitted in your Purchase Agreement. We require a deposit at the time the Purchase Agreement is signed. The remaining balance is due according to the terms remaining unpaid balance with a wire transfer. Playsystems accepts both wire transfers and 100 percent Letters of Credit for international sales. Your Playsystems representative can provide you with specific details

## Shipping

All freight charges are FOB Carrollton, Georgia U.S.A. Freight charges are additional and are not included in the

selling price of the equipment. Transit time is dependent upon your location.

## Installation

Installation charges are additional and are not included in the selling price of the equipment. These charges will be included in your unit Proposal presented by Playsystems. Installation of equipment can be provided by Playsystems qualified installation technicians. (Some toddler units may not require certified technicians and will come with instructions, if applicable.) The time necessary for installation will depend on the unit you purchased.

## Warranty

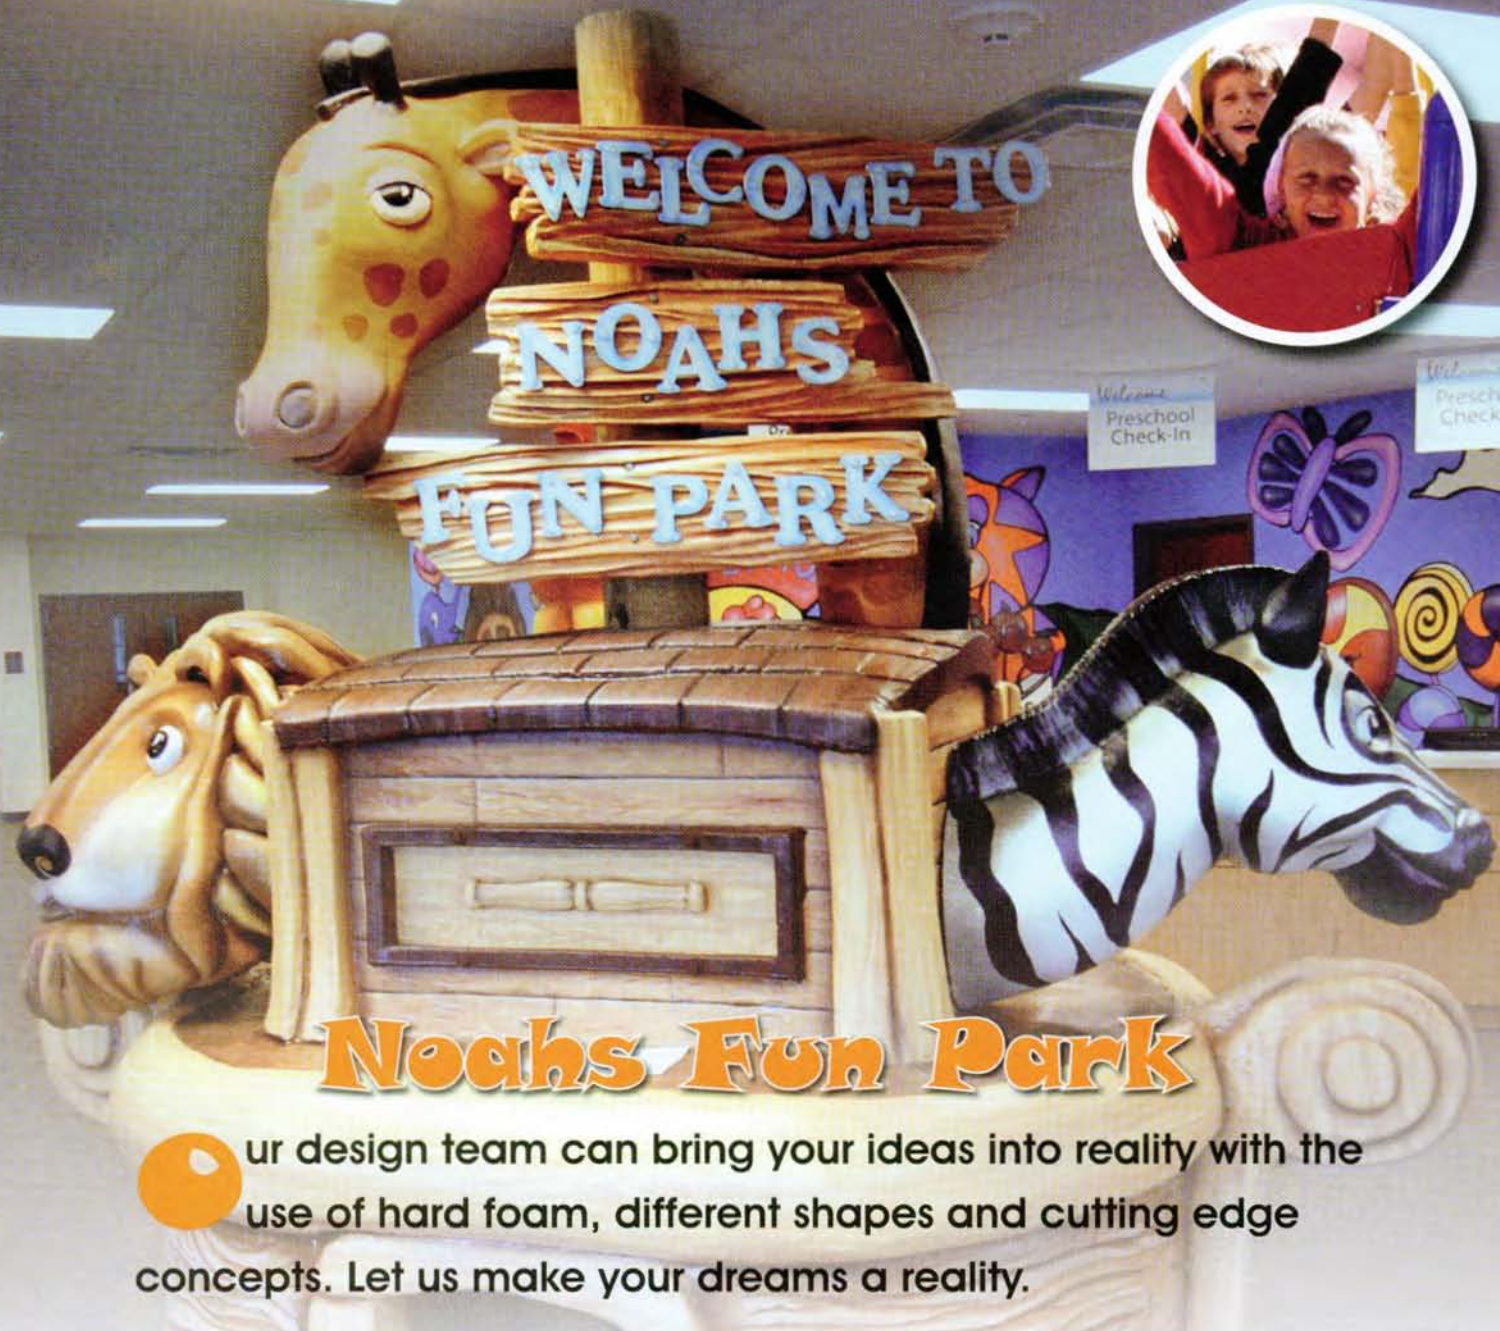

Products are warranted to the original purchaser against defects in workmanship and material for the time period indicated on your Purchase Agreement. Warranties do not cover units that have been exposed to excessive wear and tear, vandalism or negligence. Our Customer Service Department is available to answer any questions you have regarding replacement parts and product information.

## Ordering Process

An Overview of Procedures

- Contact your Playsystems representative to discuss your site and budget information.
- Playsystems will submit to you proposed site plans and pricing.
- Review and sign approved site plans and cost estimate.
- Sign the Purchase Agreement and pay deposit.
- Pay final unit payment.
- Installation of your unit.

## Noah's Fun Park

 ur design team can bring your ideas into reality with the use of hard foam, different shapes and cutting edge concepts. Let us make your dreams a reality.
