

THE SAFE WAY TO PARK OR STORE A BICYCLE!

Two lockers shown here

CYCLE SYSTEMS Bicycle Lockers will safely secure a full sized bicycle in a rugged unit made of 100% recyclable Polyethylene. One piece molded construction, complete with floor and lockable door, installs quickly and is virtually maintenance free. Single unit modules make moving and installation simple. Available in a variety of colors.

CYCLE SYSTEMS features:

- *Stores a Full Sized Bicycle*
- *One Piece Molded Polyethylene*
- *Floor and Vandal Resistant Door*
- *Custom UV Stabilized Colors*
- *Durable Anchor Hardware Included*
- *Approved GSA Contractor*
- *Credit Cards Accepted*
